EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 6, line 9, remove "includes"

Claim 9, line 22, remove "includes"

The following is an examiner's statement of reasons for allowance: in methods of designing and verifying a multi-power IC, prior art of record does not teach or suggest translating a multi-power gate-level netlist comprising multi-power net information to create a non-multi-power gate-level netlist by removing the multi-power net information, and placing and routing circuit cells to create a layout using the non-multi-power gate-level netlist wherein text labels for the multi-power net information are attached to the layout.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
